RE: OSDF Phase IV QA Final
Report

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) On-Site Disposal Facility (OSDF) Phase IV-Cells 4 and 5 construction Quality Assurance (QA) final report.

The document provides a description of the construction QA program for the OSDF Phase IV-Cells 4 and 5.

The document appears technically adequate and is consistent with those presented for previous phases of OSDF operations. Therefore, U.S. EPA approves the OSDF Phase IV QA final report.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

James A. Saric
Remedial Project Manager
Federal Facilities Section
SFD Remedial Response Branch #2
